MEMORANDUM FOR:

SUBJECT

: Air Force Request for
of Correspondence

25X1A

1. Colonel Bill Walker of General Lewis' office called me this morning to say that they have an inquiry for guidance in from the Air [redacted] In keeping with General Lewis' agreement when the [redacted] question was discussed at the IAC meeting or subsequently (and I think privately with General Cabell), Walker says they plan to go back and advise the [redacted] to sit tight pending further advice. In this connection, Walker inquired whether he could obtain the correspondence as background for the action that they plan to take. I indicated that whereas the cables themselves might not be releasable I could prepare a summary which would perhaps serve his purpose. He agreed. I stated that I would check this matter out with you and ask you to handle since it's in your ball park.

3. Of course, if you don't want him to have this, would you be good enough to call him anyway and explain and make such arrangement as you may prefer.

4. Please note that I have not included in the summary the most recent cable in on which you now have action [redacted] 731 IN 31196, 5 December 1957).
